

CHILDREN'S UNIVERSITY SCOTLAND Explore From Home Challenge

Have you taken part in learning at home, outside of school lesson time? Did you try something new or learn a new skill? With our **Explore From Home Challenge** activity sheet, you can collect a Children's University credit for learning through BBC TV lessons or other video activities at home! *Hint:* You can make an audio or video recording of your answers if you prefer.

Name of activity:

When did it happen?

How did the activity take place (e.g. YouTube, TV, written instructions)

What did you learn?

Is there something that interested you or surprised you that you didn't know before?

Is there something you felt more confident or excited to try after taking part?

Would you recommend this?

Should other children your age take part too?

What's the number one reason why they should try this activity?

How would you rate this activity?

Colour in the stars to give your rating out of 5.

Now show your teacher your answers, then head to www.CUS-Aspire.com to collect your credit!

Well done HOME explorer!

JUST FOR FUN... (optional) you can use the space below to draw or write about one fascinating thing you learned or experienced in your learning at home. Maybe it's something you wrote about on side one, or something totally different?

1 credit

Collecting your credit

1. Answer the questions on side one of this activity sheet (side two is optional).
•
2. Show or tell your answers to your teacher.
•
3. Your teacher can check that your activity fits the bill and merits an Aspire credit.
•
4. Fill in a line in your Passport with 'Explore From Home Challenge' and the date.
•
5. Log onto www.cus-aspire.com, search for 'Explore From Home Challenge' in your school to log your credit. (You can log this no more than 5 times in a week).
