

Festive fun

Hello. Welcome to Winter Holiday Heroes 2021 week 1. Try these 5 fun ideas in the school holidays.

1. Amuse bouche

Design a teeny-tiny party snack you can eat in one bite. Bon appétit!

2. Chilled Santa

Do you think Santa gets chilly in the north pole? Test out 3 ways for him to stay warm at home on his own when the heating's off.

3. Swizzle sticks

Design and make a set of drink decorations for your next family meal. Top tip: skewers or toothpicks make good bases.

4. I want one!

Design and build a 3D paper or card model of what you think should be next year's must have holiday toy.

5. Glad tidings

Make a festive card for someone you care about. Tell them why you're glad you get to spend your holiday time with them.
